Matching pure and ethereal vocals with poetic lyrics and her uncompromising song writing craft, there is no doubt as to why **Catherine MacLellan** has become one of the most celebrated new singer-songwriters in Canada, and around the world, by her contemporaries and media alike.

Voted '**Critics Favourite New Discovery**' by *Penguin Eggs Magazine* in 2008, Catherine has quickly built up a loyal fan base and has been a hit with critics worldwide. Her last album **Church Bell Blues** hit #1 on the iTunes Canada Roots charts, received critical acclaim and comparisons to Joni Mitchell from international magazines such as *Q*, *Maverick*, *fRoots*, the *Austin Chronicle*, and *Boston Globe*. She toured with **Bruce Cockburn** in the USA and with **Steve Forbert** in the UK, showcased in Paris, Cannes, Berlin, New York, London, and Memphis.

Water in the Ground is the highly -anticipated third release from Catherine MacLellan - a stunning collection that features some of the most prominent roots musicians in Canada, including Treasa Levasseur, Justin Rutledge and David Baxter.

A lighter and more cheerful mood is prominent throughout the CD. From the first track the catchy “Take A Break” to the finale “Flowers on Your Grave”, Catherine manages to help the listener get lost in the songs and musical conversations. It is like passing time with an old friend.

“Here's a vote for Catherine MacLellan, whose upcoming third album will melt more than a few hearts this miserable winter. Seriously, if your throat is lump-free after the devastating goodbye song Flowers On Your Grave, check your pulse. MacLellan is that good and that ready for prime time.”

– John Law, *The Niagara Falls Review*
